

§ 644.479 Authority for transfer of buildings and improvements to other Federal agencies.

Buildings and other improvements which have been screened for defense requirements, as outlined in §§ 644.333 through 644.339, may be transferred to another Federal agency as hereinafter outlined. The authority for the transfer of such property to other Federal agencies is outlined in §§ 644.400 through 644.443. The responsible DE is authorized to transfer buildings or structures for removal from the site, which have been made available for disposal by proper authority, upon receipt of a request signed by an official of another Federal agency.

§ 644.480 Procedure for transfer.

Transfer of buildings to other Federal agencies will be accomplished by DD Form 1354. An estimate of value will be shown on DD Form 1354, Transfer and Acceptance of Military Real Property, or other forms used and, in the case of transfer without reimbursement, the following footnote will be made: "Transfer to (Department or Agency), adjustment of funds not required." When the transfer is made at the direction of GSA, an explanation therefor will also be made on the form. Buildings and other improvements which are reported to GSA for screening against requirements of other Federal agencies (§§ 644.348 through 644.367) will be transferred to another Federal agency only at the direction of GSA and for the amount of reimbursement, if any, determined by GSA. Buildings and improvements which are not required to be reported to GSA will be screened against requirements of other Federal agencies by the responsible DE as provided in §§ 644.333 through 644.339. Upon request by a Federal agency for transfer of such property, the responsible DE will determine the amount of reimbursement, if any, in accordance with the criteria outlined in §§ 644.400 through 644.443.

§ 644.481 Responsibility of transferee.

Where buildings or other improvements are on lands leased to the United States, the agency requesting the buildings will be expected to remove the building and restore the premises,

as required by the terms of the lease, or to accept an assignment of the lease together with all obligations thereunder. Where the buildings or other improvements are to be removed from non-excess land, the transferee agency will be expected to perform reasonable site clearance as may be required by the commanding officer.

§ 644.482 Assignment to Department of HEW or successor agencies.

Pursuant to delegation of authority contained in FPMR 101-47.308-4, as set forth in §§ 644.400 through 644.443, the responsible DE may assign buildings or other improvements made available for disposal and not required for Federal purposes to HEW upon receipt of request therefore from the appropriate regional representative of that department for disposal for public health or educational purposes. Assignments will be effected by letter addressed as indicated in § 644.483. Further, pursuant to delegation of authority the Department may disapprove within 30 days after notice from HEW, any transfer of property proposed to be made by that agency for such purpose. The DE will be guided by the policy set forth in §§ 644.400 through 644.443 in regard to the delegation to disapprove transfers by HEW.

§ 644.483 Notification of Department of HEW or successor agencies.

When buildings or other structures are reported to GSA for screening pursuant to §§ 644.348 through 644.367, the Reports of Excess are available to HEW by the Regional Office of GSA, and no notice of the proposed disposal need be given by the DEs. Where buildings and other structures are not reported to GSA simultaneously with circularization of other Federal agencies, HEW will be notified in writing of the availability of such structures. Such notification will be addressed to the appropriate field representative of HEW, and will include the following information:

- (a) A brief description of the buildings and improvements, including dimensions of buildings, types of construction, and demountable characteristics, if any.
- (b) The extent of building site clearance expected.
